

I Dierrick L. Dorsey object to the settlement in the Ryals v. HireRight Solutions, Inc., Civil Action No. 3:09cv625. I believe the settlement amount is not sufficient enough to recover from the damages that have been placed on my name. There have been opportunities that have disqualified me from being a productive citizen. The employment aspect of this objection is only the beginning. Not being able to provide for lack of reasonable pay has turned my entire life, as well as my family, who still support me, into a debt nightmare, based on information that has been provided through the background check procedures. I have been placed in situations that have threatened my freedom from not being able to take care of my financial responsibilities. My child support has placed my freedom in jeopardy due to the fact that it is delinquent. I have not been able to resolve traffic tickets that have gone into warrant status. My career as a driver has been placed on hold as a result of the information received from a MVR. These are inconveniences that have affected the course of my achievements. My credit has been torched from lack of finances. I won't begin with the misunderstandings that have had a large impact on my living conditions. To be perfectly capable and willing to maintain employment is a blessing, but to have the help of slander in that equation is a negative. So many lives are affected due to the decisions or influence of decisions that are placed on a person's character. I for one will be the first to admit that I placed myself in this situation by even tarnishing my name with a background. To have the negative help of a major corporation with employees or management that are not being more responsible with their positions, shows lack of professionalism. If given an opportunity to be blessed with the position to have a positive outcome over a person's life who is not a bad person, but someone who has made a costly mistake, I would take the extra precautions when dealing with a person's character. It could cost you as well as the person you're placing judgement on. Thanks for giving me a chance to speak on my behalf. May God bless you and your entire staff.
